Seen, Heard and Told

By The Editor

Me and Hugh. Going on to the glorious Senate.

One of the greateset improvements about the square is the establishment of the parking lot by Joe Neely and Homer Williams on the Tribble old lot, and the incidental razing of the ramshackle old house formerly on this lot. Thus Grenada Grows.

Everyone is sorrowful over the physical condition of Claud Perry, whose condition is said to be serious. No more kind hearted man ever lived here, though he, like the late Dr. J. O. Semmes, tries manfully, if unsuccessfully, to make people believe he is hard boiled as pig iron.

Rumors are that oil has been struck at 400 feet on the Geeslin land near Elliott. Sounds really too good to be true.

Dr. Shelton, alias Bad-Eye, has returned from an extended trip to Chicago, Pensacola and Birmingham. He was missed by his regular customers from his usual post at the post office entrance.

Our facetious hints have about driven preacher Thrower indoors, for we hardly ever see him sitting and talking on his cool front porch any more. Didn't mean to do that, preacher.

We will have to go to preaching ourselves if we have many more adless weeks like this one.

See where all the old game wardens are to be fired and where Governor Johnson is calling upon his county bosses to make recommendations for new ones. Apparently, only the original dyed-in-the-wool Johnsonites are to be appointed. No train riders or band wagon jumpers will be recognized.

In line with civic improvement, the city, through its Water Committee, is preparing to paint all fire plugs.

One of Duck Hill's most distinguished citizens, Mr. R. C. "Dick" Fox, full of years and service to his community, died early this week.

Congratulations to Snip Crenshaw and to the board of supervisors which appointed Snip as County Patrolman, where Snip will look after traffic on county roads as well as check up on tags.

Congratulations to Donald Sharp who, we understand, has been recommended by Ford as the postmaster of Grenada. When they called another examination after the first one disclosed that I was high, it was quite apparent that Ford did not want me, and that there was no use in my crying about spilled milk. If, in giving me a dirty deal, Ford gave a good job to my friend, Sharp, it is not a total loss.

If your boy and my boy are called upon to die uselessly in war, it will be on account of lack of preparedness in this nation. This lack of preparedness is laid at the door of Congress, which can not plead lack of funds, for it has needlessly and uselessly wasted multiplied billions of dollars on foolish schemes. This district's voice in Congress in that of A. L. Ford. If America is unprepared, A. L. Ford is responsible so far as this district is concerned. This is being written just in case anybody in this district wants to know who is responsible for under-preparedness.

The Beat Four constabulary and the supreme court of Beat Four, we hear, has been enforcing the speed laws in that beat, especially along 51 Highway. Shade tree justice is dealt out by Squire Pickle, Chief Justice of the Beat Four Supreme Court.

Speaking of the justice department, Associate Justice McKibben is still sawing wood and saying little.

We are going to sue Revell for alienating the affections of our overseer, Mr. Terrell.

Sissons, the CA representative in Jackson, has been having a vacation for the past two weeks. We regular newspaper folk thought Sisson was on a vacation all the time.

We city officers, as well as the general public, are missing Miss Katherine Brewer, our esteemed assistant city clerk who is quite ill.

Sale of real estate for delinquent city taxes was held Monday of this week.

Me and Fred. Aint that something?

We have neglected to mention that our friend, Thomas Becker of the Brookhaven Leader, has taken upon himself a good looking wife.

Commodore Lufkin visited the Chinch Den recently.

Who's At The Hospital

BY AINT THEY SWEET

Patients in hospital: Mrs. Kermit Yopp, Grenada, Rt. 5; Mrs. J. E. Todd, Grenada; Mrs. Billie Oswalt, Bellfountain; Mrs. John Buchanan, Cascilla; Farrell Standard, Coila; Mr. J. E. Dunn, Cascilla; Mr. Ray Lewis, Charleston; Mr. G. W. Ray, Sweatman; Mrs. W. H. Wing, Grenada; Mrs. Thomas Grant and infant daughter, Grenada; Marjory Nichols, Charleston; Mr. G. E. Webster, Grenada, Rt. 3; Miss Katherine Brewer, Grenada; Miss Nancy Nelson Granberry, Grenada; Mrs. A. C. Hubbard, Grenada; Mr. J. E. Shaw, Grenada; Mr. C. R. Byras, Big Creek; Mrs. T. T. Hayward, Grenada; Mr. Ed McCoy, Tyler, Texas; Mrs. S. W. Bush, Carrollton; Dillard Box, Stewart.

Patients discharged since June 26: Miss Sara Watson, Alva; Jas. Robert Nail, Duck Hill; Mrs. Cleveland Davis, Jackson, Rt. 5; Donald Peterson, Winona; Gilbert Peterson, Winona; Mr. Fred Wallace, Oakland; Rev. Albert Briseo, Vaiden; Mrs. Jesse Contrall, Graysport; Mr. R. A. Wasson, Clarksdale; Mrs. Festus Bailey, Grenada; Mrs. Douglas Bates, Grenada; Miss Sue Branscome, Kilmichael; Mr. A. G. Ferguson, Vaiden; Mrs. S. T. Talent, Sarepta; Mr. E. H. Walton, Oakland; June Pryor, Slate Springs; Mr. D. M. Taylor, Jr., Grenada; Kitty Ann Cook, Drew; Mrs. Virgil Cook, Drew; Mr. Eugene Simmons, Sweatman; Mr. Henry Story, Duck Hill, Rt.

The Stork Flew By And Left . . .

a little daughter, Martha Kathryn, for Mr. and Mrs. Thomas Grant, of Grenada, at Grenada Hospital on July 1, 1940.

3-4 MILLION DOLLARS SPENT IN PAST YEAR FOR NEW BUILDING AND REPAIRS IN GRENADA

Within the past twelve months there has been in this city a phenomenal growth, as well as unusual activity in the painting and repair field. It is conservatively estimated that nearly three-quarters of a million dollars have been spent in new construction, in painting, and repairing.

The writer and the city marshal, Willard Odom, made a trip over Grenada, up one street and down the other, Monday, and were amazed at the number of new buildings which had been erected in the past twelve months, and amazed at the spick and span appearance of most of the homes of Grenada, an unpainted home being a rare sight in the residential home sections of Grenada.

Within the largest under comparison practically every heretofore unpaved street in this city has been paved with a durable surface, some of the best quality and highest strength. Dept. is continually working to improve what is now one of the most completely equipped cities in Grenada.

Noted also were a number of concrete block dwelling, several ditches filled in, and many lots cleaned off. Most homes have flower gardens, some have very elaborate gardens. In general, an unmistakable air of growth, progress and prosperity pervades not only the business section of Grenada, but also the residential sections. Nor is the growth confined to the city limits. Particularly to the south, many new homes are to be seen, and many lots of the so-called "A" homes have been bought for residential purposes.

Traveling down South Street from the square we noted that Mrs. Warren Taylor had converted the former little red home into an apartment; that the L. L. Cooley home and the Williams home had recently been painted; that South Street had been repaved with asphalt chips, and that Dr. O'Neill had erected a comfortable new home.

On Union our attention was attracted to the handsome new brick house of the Eve Funeral Home, and to a two story apartment for colored people owned by Mr. J. D. Hardy. We noted also that the Chinese boy who operates a grocery had painted the interior from floor to ceiling. Next door Wong Goong's home has been painted recently.

On Green St. Hall's home has received a new roof and a new paint job. On Pearl we noted two new cabins which Jones Clark has built. Also noted was improvement at the oil mill, a new machine shop in Lockett Lumber Company's yard. The new parking lot, owned by Joe Neely and Homer Williams, and known as the Tribble lot, is a great improvement. A new furniture repair establishment was noted in North Green. Mrs. Willis Davidson's home has been repainted also.

Around Spring and Levee, Jesse Hardy has built two new rental homes for colored people, while a house owned by City Lumber Company has been repainted. Vince Barranco's two new brick apartments on Levee and First show us that heretofore blank lot to great advantage. It was noted that Mr. Densmore at Grenada Hotel had done a deal of painting.

Coming up Second toward the West, it was noted that the Hamilton home had received a coat of paint, and that the Tommie Rose home had received a dilto. The Vince Barranco frame home on Levee is a new home. The federal building has received paint and general repairs in the past 12 months. Coming toward Margin, it was noted that Fred Lickfold, Jr., had built a nice home on Line, and that the Fred Lickfold, Sr., home and the John Hill home had been repainted. Down Margin, H. J. Williams' home had been repainted, as were those of Mrs. Lawrence and Mrs. Moore.

South on 51 we paused to view the new electric shop of Leigh House, the Jim Fonte Store where John Hill used to keep, and further on Campbell Cash Grocery, all new since the last checkup.

Where Fairfield Avenue intersects 51 Highway has been entirely changed since Fairfield was paved. Sam Marascalco has bought out Gesslin store. Rob Brown's Sinclair Station. The Standard Station, operated by Milton Rose, and the Duck Station, operated by John Goza, have been built, and Messrs. McDaniel and Edwards, auto mechanics, are opening up a new garage.

Riding on to Pecan, one sees the

(Continued on Back Page)

BREAKS GROUND

MRS. T. H. MOORE, pictured above, who is possibly the oldest member of the First Baptist Church was accorded the honor Sunday of breaking ground on the site of the new church. (Story below)

BAPTISTS DEDICATE SITE OF NEW BUILDING ON 102ND ANNIVERSARY OF ITS FOUNDING

One hundred and two years after the establishment of the First Baptist Church in Grenada, the site of its new church building was dedicated by simple, but impressive, ceremonies Sunday afternoon, June 30, 1940, Mr. J. B. Perry, Sr., one of the leaders of the congregation, having charge of the ceremonies, and Mrs. T. H. Moore excavating the first dirt.

On June 30, 1838, the First Baptist Church of Grenada was organized, but that's another story which we have requested Mr. Perry to cover elsewhere. It was indeed fitting that, on the anniversary of the establishment of this church, ground should be broken for the erection of the handsome new church, costing in all nearly $30,000.00, at "McLean Point", purchased by the congregation, last Sunday afternoon; and it was also meet and proper that Mrs. T. H. Moore, dest member of the church in point of continuous membership, and a granddaughter of Rev. James G. Hall, one of the founders of the church in 1838, should excavate the first spadefull of soil. Mrs. Moore, too, is mother, grandmother and great grandmother of more members of this church than any other living person. It would not be far amiss to say that she is "mother" of the church.

Mr. J. B. Perry, Sr., was in charge of the dedication ceremonies. It was he who briefly reviewed the history of the church, beginning with its establishment in 1838, the building of the new brick church in 1888, the burning of that church in December, 1939, as well as with the work incident to the raising of the money for the building of the new church. Mr. J. H. Oliver, another staunch member was asked to invoke the blessings of Deity upon the ground. This Mr. Oliver did in his usual sincere, simple manner.

Mrs. Moore was then asked to break ground, which she did. Mr. Perry then led in the singing of the old favorite, "Rock of Ages". After this, the assembled people were dismissed so that they could attend the Vesper Services.

Seated in posts of honor with Mrs. Moore, were two other old-time and honored members of the congregation, Mrs. Ellis Stokes Terrell and Mr. J. G. Weekes.

A complete history of the First Baptist Church, kindly written by Mr. J. B. Perry, will be found on the back page.

This County Qualified As Modified TB Free County

The following letter from the State Veterinarian is self explanatory:

"This is to advise that on July 1, 1940, your county was recredited as a Modified Tuberculosis-Free Accredited Area by the Bureau of Animal Industry and the State Live Stock Sanitary Board.

"The Bureau of Animal Industry, in cooperation with the State Live Stock Sanitary Board, is testing cattle in the state for tuberculosis and in your county less than one-half of one percent of the cattle reacted to the disease. Therefore, the county has been accredited for a period of 3 years."

MRS. J. L. COOLEY'S MOTHER DEAD

Mrs. Chas. Linam of Raymond died Tuesday morning and was buried in Raymond Wednesday. Mrs. Linam is the mother of Mrs. J. L. Cooley of Grenada, and she has visited her daughter here on many occasions. Further details are lacking.

Mesdames E. L. Botelver and Ernest Staten, Miss Jane Young and Mr. Cas Heath of Grenada, attended the funeral Wednesday.

HOGS DYING IN EAST

Reports from the eastern part of the county indicate that hundreds of hogs have died of cholera, or other disease; and that some herds have been entirely ruined by what some call a mysterious disease. Sax Wier suggested that the 5th Columnists were surreptitiously poisoning them, tho Sax did not use that word, as he probably does not know what it means.

Anyway, the condition is serious.

COUNCIL MEETS NEXT WEEK

The City Council, which recently changed its regular meeting night to the second Monday, will meet at the City Hall (not Mayor's Office like it used to be before it has been beautified) next Monday night, July 8th.

STUDYING AVIATION

Paul Lockett, youngest son of Mrs. C. E. Lockett of Grenada, and a student at Ole Mess, is now studying aviation at the university.

Death Claimed Mr. Wm. H. Martin On Friday Last

The subject of this sketch, Mr. William H. Martin, affectionately known as "Uncle Buck" was born January 31, 1861 in the Gore Springs community. He passed to his eternal reward at his home in Holcomb on Friday morning, June 28, 1940, at the age of 79 years. He had been a resident of Holcomb for a number of years. He was the son of Mr. and Mrs. F. A. Martin. He united with the Baptist Church when a young boy. At the time of his death he was serving as a deacon in his church here. He was a consistent and faithful member until he was called to the "Triumphant Home" above.

He will be greatly missed for he was a man who loved his church, his family and his friends and a person who was deeply appreciative of their love and devotion to him, as well as of every courtesy and favor shown him by his friends. Mr. Martin had suffered a great deal for several years, but had only been confined to his bed since May 28th. During that time he displayed an unflinching Christian Spirit. His courage and bravery and patience were an inspiration to his many friends who visited him.

He was buried Friday afternoon at 3 o'clock in the Holcomb Cemetery. The funeral services were conducted in the home with his pastor, Rev. Ray in charge, assisted by Rev. Sancler and Rev. A. W. Bailey. His body was tenderly laid to rest under a profusion of beautiful flowers that attested to the high esteem and love that every one had for him.

He is survived by his wife, Mrs. Theo Docia Martin, one daughter, Mrs. W. S. Taylor, of Greenwood, four sons, Willie and Charlie Martin, of Memphis, Granville Martin, of Greenwood and Chester Martin, of Holcomb, a granddaughter, Miss Mabel Martin, who has made her home with him since childhood. A number of grandchildren and nieces and nephews.

Active pallbearers, Wallace Creswell, Sam Norris, H. K. McMahon, J. L. Elliott, J. M. Fancher, G. O. Sanford.

Honorary pallbearers, Dr. A. S. Hill, Dr. J. S. Sharp, W. B. Simpson, Geo. and Jim Keesler, A. Y. McBride, Fulton McRee, A. L. Jackson, A. G. Williams, C. V. Gibson, Craig Mullin, Dick Hobson, S. J. Curle, P. Y. Nason, Vern Workman, Bates Curry and A. J. Curry, Sr.

He is also survived by four sisters, Mrs. L. M. Trussell, Grenada; Mrs. Bessie Burns, Pascagoula, Miss.; Mrs. Eddie Vanhoozer, Torrance, Miss. Mrs. Jessie Boland from Arcola.

Simon Turner Family Had Reunion Last Sunday

Old Eden Church, three miles northeast of North Carrollton, was the scene of the happy annual reunion of the Turner clan Sunday. This was the fourth reunion heeld at this church of sacred memories to the decendants if this family. Beautiful gladiolas and verbena decorated the church. On the left of the pulpit hung the family group picture of Simon T. Turner and his wife, Martha Ann Eddins Turner, with their ten children, taken at the beginning of the civil war. Only one member of this family is living. S. D. Turner, of North Carrollton, the youngest son of the group who is eighty nine years young. On the right of the pulpit was another picture of S. D. Turner taken with his father, the grand old patriotic many years after the Civil War. He was a handsome old gentleman, had a strong face and was of splendid personality. He was large, weighing about two-hundred, and his wife, such a pretty old lady, and of just as fine a family, ninety-nine, so dainty and sweet. No wonder their grand children, great and great-great like to meet and talk about them, and there were about one hundred and fifty present Sunday. A Sunday School talk was given at ten o'clock by Rev. Mr. York of Sunflower, and, then, Rev. G. T. Sledge of Duck Hill, grandson of Simon T. Turner, most appropriately delivered the message.

Power Company Is Making Extensive Improvements

Due to the progressive building program in Grenada during the past year and the ever increasing demand for additional electric facility due to the cheapness and value of electric service, the Mississippi Power and Light Company has spent and is spending a great deal more money than usual for rebuilding their primary and secondary systems. To provide for more adequate services to its patrons, they have completed the rebuilding of the north section of our city from Holcomb Lumber Company to Love Street and removed the 2300 volt circuit, transferring that load to their 13000 volt line. A neutral conductor has been added from their Grenada 44000 volt substation and tied in with the city distribution system to provide 3-wire 230 volt service along the 13000 volt lines. This was done to replace the old 2300 volt circuit in this area. In the very near future the company will begin changing South Line Street and a large section of Govan over to their 13000 volt circuit. This will, likewise, provide 3-wire 230 volt service to replace the 2300 volt lines that are now nearing their capacity.

The Mississippi Power and Light Company has spent some $8000 for general improvements to their grounds, building, yard and shelters in our city. A new and complete meter testing laboratory has been completed for the purpose of testing, repairing and changing obsolete meters and other equipment throughout the Northwestern Division. They are now planning on several other changes in the system in Grenada by the use of additional facilities and increased capacity all of which will add to the betterment of its service.

The Mississippi Power and Light Company extends its gratitude to all who make it possible for them to expand and they pledge full support and cooperation for better and more adequate service as their expansion program continues.

Lockett Attending Trade And Industrial School

Daytona Beach, Fla. Charles E. Lockett, of Grenada, Miss., is one of 300 persons taking part in Florida's nationally famed Trade and Industrial School here this summer.

Lockett is taking courses in organization for diversified cooperative cooperative training, one of the newest wrinkles in vocational education, and related study material connection.

Under the diversified cooperative training plan, employers cooperate by letting students work part time while they are going to school and taking specially arranged courses to equip them for the job.

Vocational teachers and administrators from more than 20 states and Puerto Rico are attending the Trade and Industrial School this summer.

The School is sponsored by the University of Florida and the Florida State Department of Education, and is the largest of its kind in the country. Robert D. Dolley, head of trade and industrial education in Florida, is director.

SUPERVISORS WORKING ON HOMESTEAD EXEMPTIONS

In addition to the transaction of routine business, the county board of supervisors, which assembled Monday and concluded its business Wednesday, approved the homestead exemption applications previously made by Grenada County home owners.

VISITING CHILDREN IN TEXAS

Mrs. Lewis Cunningham, of Leverett, left Saturday for an extended visit with her sons and daughters, Mr. and Mrs. Archie Cunningham, of Sweetwater, Texas, and Mr. and Mrs. Clyde Murphey, of Westbrook, Texas.

THURSDAY, JULY 4, 1940

Then and Now

A few years ago, July and August were months when business in Grenada was almost stagnant. The money from the last "draw" had been spent. Money from cottonseed and lint cotton had not started coming in. Business conditions were good about seven months in the twelve - if there was a good cotton crop and if the price was reasonably high. If crops were poor or prices low, we had twelve months of bad business. Our entire economy was tied to King Cotton.

Today, with industrial payrolls practically continuous throughout the twelve months, business now "holds up" fairly well all during the year. A conservative local banker stated that the business curve had been just about flattened out for the entire year; that there were no periods now of positive stagnation.

Primarily this continuous business activity is due, more than to anything else, to the $5,000 weekly expenditure of Grenada Hosiery Mill which, so far has operated without let-up.

Primarily, this hosiery mill is due to the BAWI law passed by the Mississippi legislature two years ago.

Primarily this law is due to the work and planning of Hugh White, now a candidate for the U. S. Senate.

And that's the reason that Grenada County people should forget partisan politics and petty grievances - as the writer has done - and support Hugh White.

Thus Grenada Grows

Grenada's growth continues unabated. The more people we have, the more people want to come with us. People want to move to a growing town.

Grenada growth is no longer due to the opening up of fresh land and the cutting of virgin timber. Fresh land and virgin timber have given many towns their first boom, and, no doubt, in the far distant past, these factors gave Grenada a boost.

Fresh lands and virgin timber no longer exist in Grenada's territory. Grenada is growing for more substantial and for more permanent reasons. It is growing primarily because of its favorable geographic location. Located in almost the geographic center of North Mississippi, it has earned the title "The Cross Roads of North Mississippi". Good roads tapping each point of the compass give tangible effect to this strategic location. Without good roads leading to the perimeter of this circle, the central location would mean little.

On April 1, Grenada had 5,735 people, a gain of about 32 percent in the preceeding decade. Its growth has not checked. At least six new homes are under construction in the city limits today. Scores of others still have barely been warmed. Every carpenteer is busy. More houses are in prospect for the immediate future, when the contractors can "get to them".

Grenada will shortly have one of the best churches in Mississippi, as soon as the Baptist Church, now under contract, is finished.

Continued rumors of the transfer of division headquarters from Water Valley to Grenada are current. Three or four spots in the county will be tapped for oil, unless the war situation gets worse.

In spite of this continuous building program, housing for potential citizens of Grenada is acutely scarce. Suitable apartments are very rare. If we did have adequate housing facilities, we venture to say that Grenada would grow to 6,000 by January first.

As Grenada grows in size, it has also grown in virtue and in law enforcement. No longer are open saloons tolerated here. No longer do mercantile establishments remain open seven days a week. No longer are traffic lights ruthlessly ignored.

Grenada is on its way. Come, live with us and enjoy our many blessings, as Col. Hoffa says.

A Good Idea?

We suggest that all male colleges be closed next year, and the students be given a year's military training.

Inevitably if this country fails to train its young men, it will fall an easy prey to dictators now seeking to dominate the entire world, and the young men, untrained in military affairs, will be killed needlessly. On the other hand, if the young men are trained, our country will have a powerful army, and the dictators will not dare seek to fight us.

Obviously if we prepare we will not have to fight; if we do not, we will. At this stage of affairs, the ability to drive a tractor is more valuable than the ability to solve a quadratic equation; the ability to pilot a bomber is more valuable than the ability to discuss Carlysle's Essays; the ability to aim an anti-aircraft gun is more valuable than the ability to kick a goal or fan a batter.

There are many elements of good hard sense in this suggestion. Naturally there should be some modification of that plan, and some exceptions from the rule, but by and large it could be worked out with advantage to the nation and with no hurt to the individual students.

Not In Bad Shape

There is no use in weeping and wailing about the financial condition of Grenada County.

The board of supervisors and John Pressgrove may have made minor mistakes. If they did not, they should each receive a harp and crown and go on to glory and quit this sinful, work-a-day world.

But, within the past eight years Grenada County has paid off over $300,000.00 of its bonded indebtedness.

When that is said and done, minor mistakes of judgment, and inconsequential errors should be forgotten, and the people should quit harping on them.

God Bless America

(Guest editorial by John Rundle)

The other day I was a member of a luncheon group that began the fellowship hour with the singing again and again of the following lines:

God bless America, land that I love,
Stand beside her and guide her
Through the night with a light from above;
From the mountains, to the prairies,
To the oceans white with foam,
God bless America, my home, sweet home.

I tried to add my voice to that of the others and everybody seemed to sing those words with a conciousness of the Supreme Deity to whom the lines were addressed. During that brief song period America seemed to take on a halo, blessed and lovely. In the group that sang so earnestly were two Grenada boys who are now close to the voting age, boys who are clean and honorable and up-right, forward-looking young Americans. Then I breathed a silent prayer that God would bless America through the thousands and thousands of young men such as these who are to build the nation into a better nation, a clearer thinking nation, through the constant recruiting of new soldiers in the army of good citizenship.

And then we listened to these two boys as they related their experiences during the week that they attended the "Magnolia State" at Jackson that was recently sponsored by the American Legion. We heard them say how much they regretted that hundreds of other Mississippi boys could not enjoy the social contacts and patriotic inspiration that came to them in that great citizenship meeting of the boys who are soon to be our men.

Yes, today is the Fourth of July and the Stars and Stripes will be in evidence everywhere, the Great Symbol of American Liberty and Justice. Thousands will ask God to bless America and will thank God that "Old Glory" still waves triumphantly over the land of the free and the home of the brave, and that it stands for everything that is good. Americans should be prouder than ever of America today, and should fight to defend her ideals from the traitors in our midst who stand for lawlessness and subversive isms. Americanism is very sacred today and those who would destroy it should be promptly shown the way out. More than ever we are conscious that our greatest enemy is within, the enemy who encourages complacency, who contributes to crooked politics, who would place impediments in the way of American youth as they march toward clean-minded honorable, morally fit American citizenship, the enemy who would scatter false propaganda to discredit or destroy the government that gives him the same protection as its born citizens.

On this Fourth of July let us rededicate ourselves to the defense of our priceless legacy—this country of ours which for more than a century and a half has jealously guarded the life, liberty and pursuit of happiness of its citizenship. The founders of this country fought and bled and died in order that the world might know that here existed a free people, a people dedicated to the perpetuation of a democratic form of government, a people who, though free, were law-abiding. They needed no tyrants, no dictators, no despots to govern them. Let us then be more than ever grateful that we can go about our daily life without fear of secret police, or concentration camps; that we can read our daily paper and know that we are reading the news; that we can sit at our radio and listen without restrictions from a dictator; that we can mingle with our fellows without fear or suspicion; that we can worship our God and exercise that religious freedom that we inherited. Let us ask God to continue to bless America, and may the flag of this great democratic country inspire us anew to defend it against all enemies.

"Your Flag, and my Flag!
And oh, how much it holds—
Your land and my land—
Secure within its folds!
Your heart and my heart
Beat quicker at the sight:
Sun-kissed and wind-tossed,
Red and blue and white,
The one Flag—the great Flag—the Flag for me and you—
Glorified all else beside—the red and white and blue"

A New Era Shortly

In our opinion, the American people are in for a great change in the immediate future, a change that will take from them much of their freedom of action and of thought, a change that will reduce their capacity to come, go or stay as they please.

In a world dominated by totalitarian powers, our country must either follow some of the methods employed by those powers, such as universal military training of youth and longer work days and technical training of all youths, or, as alternatives, become involved in a disastrous war or reconcile ourselves to becoming a second-rate power.

We cannot go along as we have gone in the past, working short hours, messing around, doing nothing that we did not want to do, golfing, fishing, frolicking, burning gasoline uselessly, and in general having a hell of a time all the time. If we do we are going to wake up some day to find that our vaunted freedom has vanished, and we will be in the same condition as the Poles, the Dutch and the French.

We believe that hundreds of thousands of our young men will be in the army before Christmas. Frankly, we believe they should be receiving training right now, even though it is likely that our own boys, or one of them, will have to go.

Our idle, shiftless, careless national ways must cease, otherwise we may not have a nation long.

We Favor the Armory

Particularly now since war is a probability, and cities and counties should cooperate with the War Department in helping prepare, we are one hundred percent for the proosed armory for Grenada which will cost the city $11,000 and the county $11,000.

If we have peace (we hope to God we do), Grenada will have a building to take care of very large convention, community gatherings and so forth.

If we have universal training of youth, Grenada boys can be trained at home instead of away off somewhere.

Let's play ball with the War Department.

There Are Three Printers In Grenada

It seems decidedly unfair on the three local printers for county officers to be beguiled into giving orders for printing to out of town printers, especially since the matter has been called to their attention, and especially since the board of supervisors, which has to pay approved bills, has requested that the practice be discontinued.

Piled up before the supervisors this month were bills representing several hundreds of dollars for printing which had been done by "foreign" printers.

Just why our county officers are so wedded to foreign printing establishments is beyond our comprehension. These out-of-towners neither pay taxes here nor vote here. They add nothing to our community, yet are a constant drain upon our community.

Not one single solitary thing that is bought by the officers at the court house but can be bought JUST AS CHEAP, if not cheaper, from local printers. Ninety percent of the orders given foreign printers can be done right here in Grenada; the other orders can be farmed out by local printers without additional cost to the county. These latter cases will permit some profit, if nothing else, to remain at home.

There is a bill there, we are told, for 1,000 stamped envelopes with the 3 cent stamps affixed by the government. The foreign printer merely printed the return address on the 1,000 envelopes and charged the county FIFTY DOLLARS or more for the job, we are informed. The envelopes already stamped cost the foreign printer about 32 or 33 dollars. For merely printing the name and address he must have charged at least $20.00. The Grenada County Weekly, or either of the other two printers in Grenada would have been glad to get that job for about $42.00, and not only have saved the county $10.00 but could have useed the money to employ Grenada County men, and consume Grenada County products.

Up and down the line, the Grenada County Weekly and, we believe, either of the other two Grenada printers, could have and would have printed every job at LESS price than the foreign printers charge. With that fact staring in the face, we can not see why this business, or ANY of this business is going out of town.

We are sort of generalizing about this matter, but we can get specific about it, for everything is a matter of public record. We are merely calling this matter to the attention of the officers with the hope that they can see the justice and the reasonableness of this contention, and "Give Grenada County Printing to Grenada County Printers".

Dry Your Tears

"Be still, sad heart, and cease repining; behind the clouds, the sun's still shining."

Dry your tears, ye lovers of the stormy petrel. Quit sniffing, ye admirers of the Pearl of Pearl River.

It was Balbo, not Bilbo, who was killed last week.

Fred Sullens and I are getting right chummy since I am for Hugh. Paul Johnson can not laugh, for Paul took up with Bilbo.

Praise Where Praise Is Due

Inasmuch as the writer has neither duty nor responsibility concerning law enforcement in this community, even though he is part of the city government, it cannot be charged that he is praising himself when he says, in truth, that under the present regime, laws are being generally enforced in this community at this time.

The perennial source of trouble, the saloonkeepers, have been converted into bootleggers, and practically open saloons are no longer known here. Whiskey is being sold here, and consumed here, of course, and always will be, but open flaunting of the laws is a thing of the past.

Traffic lights are being observed with much regularity. Color blindness of the motorists has about disappeared. Most of them know red from green, and vice versa. Double-parking, another source of annoyance, and in case of emergency, absolutely hazardous, has been reduced greatly. While this law is not enforced one hundred percent, and never will be, the officers are doing a good job of abating this nuisance.

Until recently, a few of our merchants kept open seven days a week. This seriously handicapped the many merchants who kept open only six days per week. This practice too has been stopped, and in a just commonsense manner, and without working a hardship on anyone.

If the citizenship of this community wishes this era of law enforcement continued, they should not relax in their encouragement and "backing up" of the law enforcement officers. This era will continue as long as the enforcement officers receive the approbation and the encouragement of those who want law enforcement. It is mighty easy to slip back into the old ways and, therefore, eternal vigilance should be the watchword.

In the meantime, it is not inappropriate to commend the law enforcement officers of this community, city and county, for their good work.

Some Things Hugh Didn't Do

Hugh may have commuted Mitchell's sentence, but he was never the cause of a bullet hole being in the door of the executive office.

Hugh may have pardoned and commuted the sentence of many Parchmanites, but he never sold a single pardon.

Hugh may have loved to kiss beauty queens and crown 'em, but he did it publicly, and was never known to fool around with any stray wimmen in private.

Hugh may have said he would never run for another office, but the chancery courts of Mississippi fail to show where he was ever mixed up in any nasty divorce proceedings.

Hugh probably did not originate the idea of homestead exemption, but he brought home to the people the signed contract—the enacted law.

The BAWI law probably did not originate in Hugh's mind, but he put it across.

Keep our soon-to-be drafted boys near home. Help establish that armory building here.

Seen, Heard and Told By The Editor

America should begin at once, the very next session, to train its youth to do things with the hands, and so should Grenada. It is pitiful, if not tragic, how few useful things students learn in schools.

Well, by the forbearance of our esteemed creditors and by the application of a few dollars on account, we got by another first of the month.

Ain't they sweet.

Jim Shaw likes the hospital so well, and the nurses so well, that he may begin boarding at the hospital.

Suggestion to WGRM: Please play "The Bullet Hole in the Door" and dedicate it to Bilbo.

Little Texas was in mourning all last Saturday and Sunday until the Little Texans found out that it was Balbo, not Bilbo, who was killed.

Me and Hugh.

Sax Weir said I just deliberately got off the winning man and got with the loser.

The "train" has been placed in the roundhouse for an indefinite period.

Prepare or perish.

One of the prettiest gals in Grenada, paper this week because she paid her mailing list, and we welcome her.

It looks like universal training of the youth of the nation is the only way to assure us of safety.

Brother Glen Wiley has been trying to convert some of the heathens over at Ackerman in Choctaw County.

Miss Eva Ray gets her name in the papeer this week because she paid her dues several months in advance.

Roger Parker brought in a cotton bloom Monday, but Sister Ingram and Aaron Hudson beat him at least a week.

Aint they sweet.

Even if we aldermen do not meet until Monday the 8th, we got paid off on July 1st.

I am really reducing this time. The other time I reduced from 189 to 194. This time I have reduced from 194 to 188.

While he is not going to do it, we bet Ed Whitehead would almost give up that princely HOLC job in Jackson if he could again be a delegate to the Chicago Democratic convention. You know, the Hatch Bill has Ed hog tied, and all he can do is think politics, and only think them in solitude.

Our Mr. Greenfield started a diet, and held it one meal only.

We note where the Clarion-Ledger "bedaciously" steals stuff from the Grenada County Weekly, gives it a Grenada date line, and goes merrily along.

Our esteemed supervisors have been "in setting" nearly all the week.

Bob Bostic, old time colored citizen of Grenada, has been added to the mailing list. One by one, we are getting the substantial colored people.

It used to be Lying Clarence, then it became Ophelia, and now it is Fabulous.

William Winter had a splendid letter in the Commercial Appeal Sunday.

TO CHECK MALARIA IN 7 DAYS take 666 LIQUID OR TABLETS

COTTON BELT CASH

In the six-year period from 1924 to 1929 the cash income of producers from sales of cotton and cotton seed averaged $1,537,000,000 annually. For the year ending July 31, 1939, it was $629,459,000, or 40 percent of the predepression average.

Almost a billion dollars a year lost to the cotton farmer! Several times that amount of business lost annually to those depending in whole or in part upon the trade and commerce created by the cotton dollar!

Faced with this loss, surrounded by a 12,000,000 bale carryover, pounded by the blitzkriegs of foreign production and synthetic substitutes, shall democratic American cotton surrender to the dictatorship of more aggressive industries? Or shall it attack with all its tremendous power, advancing strongly into new and old markets for an ultimate democratic victory?

You, as the individual consumer, hold the answer to cotton's future. Your purchases of cotton are the ammunition needed for the advance.

LITTLE TEXAS NEWS

Mrs. Prince Bennett had as her guests Mr. and Mrs. J. K. Love and son of Itta Bena on Thursday of this week.

Mr. and Mrs. A. E. Lott of Schlater, formerly of Little Texas, visited in this community last week.

Rev. W. F. Garner and Mr. Estes Windham made a business trip to Vaiden on Friday last.

Miss Willie Peg of Grenada was a visitor at prayer meeting Wednesday night. Any visitor is always welcomee.

Little Dilton Lott is visiting his grandparents, Mr. and Mrs. A. E. Lott of Schlater this week.

Mrs. W. F. Garner's mother, Mrs. Henry Mitchell of Lodi, was her visitor on Sunday, June 3rd.

Rev. W. M. Hill Jr. has announced that the revival meeting at Hickory Grove Church is to begin on July 7th. There will be services twice daily—at 11:00 a.m. and 8:00 p.m. for a period of one week. Everyone is invited to attend.

Little Texas community has been assigned a quota of $10.00 for the Red Cross out of the whole quota that has been allotted to Carroll County. Surely we can raise that much at once. Give your donations to your pastor, your Sunday School superintendent, or any other influential person in your community. We are sure they'll be glad to give it to the Red Cross Chapter and report who donated it and the amount given. Even a nickel will buy a starving European child a glass of milk.

Fish Tales

It is reliably reported that Mrs. Etta Dudley caught a fine 7½ pound catfish at G-Mile Lake recently.

Before game fishing season opened, Grover Cunningham, it is said, came upon a negro woman fishing. "How many have you caught, auntie?" asked Grover. "I jest got thim seven little catfishes", answered auntie. "What about that big trout I see tied with the string to that limb?", asked Grover, who was looking for law violations. "Well, boss, I'll tell you. I cot that trout four times, and I have him tied there until I get ready to go home, so he'll leave mah bait alone."

Earl Burkley, Ralph Semmes (the old man) and the GCW editor caught several fine fish in the basement of the Earl Burkley home Monday night. Night fishing of this charactere, with red, white and blue bait, is quite popular in Grenada.

This character of fishermen is nothing if not patriotic, for they stick to the patriotic colors.

On this fishing expedition Tom Meek, usually a good fisherman, furnished the bait.

The out-of-town printers have had a drought here at the court house recently. Grenada has three printers who can do ninety-nine percent of the work needed. Why fatten other communities and starve our own, say the the supervisers, and we add "amen".

Hurd Horton got about as much commendation for his poem, "To Hugh" as Shakespeare did about "Wenus and Adonis."

No greater improvement has been made in Grenada than the improvement of the southern part of Poplar Street.

Me and Hugh.

Aint they sweet.

Mighty glad to see Captain Jim Weeks up and about Sunday after being at home for several months.

Aint they sweet.

BACK YEARS

By Dr. Wm. P. Ferguson

When I am thinking of the future
Thoughts that cause me most remorse
Is that painful realization
I can't always ride a horse.

Sure in business I like autos
Otherwise they've no appeal
Its a thrill to sit in a saddle
Any one can spin a wheel.

When you've raised a horse from colthood
Taught him how to trot and rack
There's a heap of satisfaction
Just to sit upon his back.

There's a mutual understanding
Twixt a rider and his mount
If he's trained with human kindness
Otherwise he's not much account.

Remember in those good old days
When you were courting girls
You didn't have an auto then
Such things were not in the world

You'd saddle up a good old horse
Get some girl perched up behind
You'd make him trot, she'd squeeze you tight
That's what you had in mind

Or order harness up old Spocane
Out for a spin you'd go
No slogan then 'bout safety first
They never warned you drive slow

You had no road patrolman then
To check upon your speed
No laws against roadside parking
Such laws you didn't need

Old Spocane knew just one law
And that law always won
He had to get you both back home
Before the break of dawn.

Speedometers were not in use
No steering were there agame
You'd just ride on in perfect bliss
And trust that old Spocane

That old horse was really smart
No guidance did demand
When styly underneath the robe
You'd try to hold the girl's hand.

Just wrap the lines around the whip
No worries, not a care again
And trot so slow he seemed to know
That wondrous old Spocane.

Now with autos its so different
Just a pile of steel and glass
Six full quarts of lubrication
And a few more quarts of gas.

Press your foot upon the starter
If it goes all well and good
But suppose you get no answer
Do like most folks raise the hood.

Clean the spark plugs, test ignition
Here's where most folks learn to swear again
No place here for words of kindness
Like would start old Spocane.

Just a piece of engineering
That's designed for business wear again.
But for pure and wholesome pleasure
Give me back that old horse Spocane.

Crops are better in most sections, or rather the prospects (entirely different matter), than in three years. Cotton and corn both look prosperous and clean. Of course, many things will happen ere gathering time. We cannot pick prospects, grind them into sorghum molasses, or go to the mill with them in a gunny sack.

Paint will help an old lady, and it will help an old house. Since painting our house, I hardly know where to stop on South Street.

Lum Butler reports that he has sold the Turner place to John Keel of Holcomb and that he is going West after August first.

HOME COMFORT COOLING

From early morning until late afternoon the torrid rays of the sun beat down on your entire house. The building material in your home, as well as the furniture, has a capacity for heat storage which is not unlike a storage battery retaining a charge of electricity. Not only is this a daily process, but as the season advances and becomes hotter, the heat storage accumulative so that our homes are much hotter in August than they are in June. Night cooling "pulls" this temperature down to surprising comfortable conditions each night so that your home is as comfortable in August as it was in early June.

Just as it requires eight to ten hours for a building to become thoroughly heated in winter, so does it take an equivalent period for this heat to subside during the cooler hours of the night in summer and it is almost dawn before indoor temperatures have dropped to a point of comfort. Consequently your home is comfortable only about six hours out of the twenty-four. Three hours of this short time come during sleeping hours so that only a very brief period of comfort in your home is enjoyed during waking hours.

The stagnant air locked in the attic attains temperatures around 120 degrees by sundown. (Highest attic temperatures have been recorded between 6 and 7 p.m. or four hours after the highest temperature for that day, which usually occurs between 2 and 3 p.m.) This great body of hot air, together with the heat stored in the building itself, is not unlike a large radiator keeping the rooms uncomfortable. Temperatures outside normally drop after sundown, which makes inside conditions more noticeable.

If you could get rid of this heat you would be cool! Cooling and ventilating systems accomplish this thru a threefold method:

First, the blanket of hot air responsible for much of the discomfort is dispelled from the attic and the thermometer drops to within a few degrees of the outside temperature in twenty to thirty minutes after the fan is started.

Second, large quantities of fresh, outdoor air are drawn in through the open windows. This constant, gently moving stream of cool night air picks up heat on its way to the ceiling grill so that walls, furniture and bedding are cooled down in from two to four hours. Because bedding materials cool down slowly, it is important to start the fan as soon as the temperature starts dropping outside. Usually from 8 to 10 p.m. is the time for a change over. Sofas, furniture and bedding before the hour of retiring.

Third, the effect on human comfort is almost immediate because this gentle, penetrating motion carries away body moisture and heat. The evaporation of moisture on the moist surface of the body produces surface skin temperatures eight to ten degrees below the actual dry bulb thermometer reading in the house. More data on this important subject will be found understandable facts pertaining to heat.

City Lumber Company has installed many attic fan outfits in Grenada homes and freely furnishes estimates without charge.

Since it is now Mc and Hugh and Fred Fredericks quoting the GCW now, He can be Whyte Whitaker. It should be, in case you assemble pomegranate, Whyte Whitaker. One "t" if you please, I guess, since Mc and Hugh have got together. You can go back to White instead of Whyte. You know I changed it several years ago.

Grandma Mattie Eddleman is elderly proud of her new grandchild, and so is grandpa Eddleman.

Mrs. T. H. Moore, the grand old lady who broke ground for the Baptist Church, was given a little flower during congregation and she raised and stood up, wanting to peal speak or a shout.

Chuck Trotter, we are glad to hear has been invited to continue as Business Manager of the Mess for another year, should be a good one.

Mississippi Druggist Praises Nashs C&L Malaria Chill Tonic and Laxative

He says he has been selling this Southern Medicine for five years and has never had but one complaint. Truly Nash's C. and L. Malaria Chill Tonic and Laxative gives almost "universal" satisfaction.

You, too, will probably praise this medicine after you have given it a trial for one week. If you are troubled with billiousness due to constipation or poor bowel elimination try Nash C and L Malaria Tonic on the money back guarantee. It usually checks the chills any symptoms of Malaria in from five to seven days.

If billiousness caused by occasional constipation is causing that lazy, draggy, no account feeling call your drug store for a 75c bottle. Your druggist is authorized to guarantee this twenty-year-old successful Southern Medicine.

DUCK HILL NEWS

(Mrs. M. S. Walker)

Mrs. E. R. Campbell entertained the Rose Wood Club Tuesday afternoon. There was a good attendance. The home was beautifully decorated with old fashioned flowers and evergreens. Besides the regular members there were two visitors, Mrs. Harry Phillips of Passaic, N. J., and Miss V. King of Winona. After talks and a most interesting demonstration of weaving, delicious refreshments were served. This club has meant much to this community and they meet every fourth Tuesday. However the next meeting will be with Mrs. Shaw Williams on the third Tuesday instead of the fourth for this time we are advised.

Miss Neauanna Dale, of Darling, daughter of Mr. and Mrs. Tom Dale, is visiting her aunts, Mrs. E. R. Baker and Miss Lillie Dale.

Turner and Nancy Jane Trapp, who have been spending about four weeks with their grandmother and other relatives at Philadelphia are at home again to the delight of their many little friends.

Jack and Charles Elfison, after visiting their grandparents, Rev. and Mrs. H. N. McKibben have returned to their home in Lexington.

Mrs. Lizzie Curry, who has been several weeks with her sister-in-law, Miss Bessie Curry has returned to her home in Memphis, where she joined some of her family for their summer vacation to the mountains and other places of interest.

Mrs. Charley Campbell, Mrs. Harry Phillips, Mrs. Harvey Campbell and Mrs. Collins Campbell spent the day with Mr. and Mrs. M .P. Taylor at Spring Hill during the week.

Mrs. Elizabeth Caffey and daughter, Elizabeth, are at home after spending some time in Memphis.

Miss Spohia Lee Clark, daughter of Mr. and Mrs. Hugh Clark, after just one month attendance at State Teachers College, Memphis, and her first test, made the highest grade in public speaking. We knew this splendid young lady would give a good account of herself, as she was valedictorian of her class in the Binford High School this spring and also won other outstanding honors in the school.

Mrs. P. H. Rowell, of Black Hawk, is here visiting her cousin, Miss Bessie Curry and others of her many friends in this, her old home town.

Mr. and Mrs. Charley Norwood spent Friday in Yazoo City.

Mr. and Mrs. Alton Romero, of Kaplan, La., left for their home Monday after visiting their aunt, Mrs. M. S. Walker, and uncle, Rev. G. T Sledge.

Mr. and Mrs. Turner Gordan and daughter, Lucile, are here from New York City, visiting old friends.

Mr. J. P. Woodruff, of Newelton, La., with his very attractive and interesting children, Elizabeth, J. P., Jr., Lewon and Ansel, visited his sisters, Mrs. J. B. Swanson and Mrs. Ingram during the week. Mr. Woodruff is the dear man that drove all the way from Newelton some time back with a big buck deer on the fender f his car that created quite a sensation when he arrived in Duck Hill with [illegible] big handsome trophy of his [illegible] markmanship and how the [illegible] and near hunters envied him [illegible] achievement; and then best of [illegible] he gave us some of the version, just the best meat we believe we ever tasted. Mr. Woodruff was reared at Duck Hill and his many friends re always glad to see him back home.

Dinner guests in the E. R. Campbell home Sunday were Mr. and Mrs. W. V. McDonal and son, William, of Coffee ville, Mr. and Mrs. Jim Adams, of Grenada, Mr. and Mrs. Burl Williams and son, Bobbie, of Providence, Mr. and Mrs. M. P. Taylor and son, of Mahlon, Spring Hill, Mr. and Mrs. Everett Hollingsworth and little daughter, from Duffie, Mr. and Mrs. Shaw Williams and C. S. Jordan.

The State of Mississippi

To: Mrs. Marcie Bell, 812 Quapaw Avenue, Hot Springs, Arkansas; Mrs. Giles, 1201 Eighteenth Avenue South, Nashville, Tenn.:

You are summoned to appear before the Chancery Court of the County of Grenada in said State on the second Monday of August, A. D. 1940, to defend the suit number 5361 in said court of Tom Mayfield, et al, wherein you are a defendant.

This the 27th day of June, A.D., 1940.

J. P. PRESSGROVE, Clerk.

(7-4,11,18 81w)

Somebody on the radio talking about changing horses in the middle of the stream. Sounds like Bilbo. Turn the switch. Pull the chain.

I went to Jackson Saturday, and am happy to report that our man Mike is still alive, but attending strictly to his law business, and keeping his mouth shut about politics.

The city had better play ball with the War Department, with the WPA and with the county in getting the armory here in Grenada. It may help to keep our boys at home while receiving military training that most people believe inevitable.

Holcomb was right quiet over the week-end, as nobody was killed.

Nor was anyone killed on 51 south Saturday night.

Me and Mike.

CALIFORNIA CALLS ARMY RECRUITS

The headquarters of the Jackson Recruiting District, 526 Post Office Bldg., Jackson, Miss., announces an unusual opportunity for eligible young men interested in joining the U. S Army.

For the first time in many years vacancies have been released to all Army Recruiting Stations in Mississippi and Louisiana for organiations in Monterey and San Francisco, California.

These vacancies are for the 69th and 7th Quartermaster Battalion at Camp Ord, Calif., situated on beautiful Monterey Bay, and for the 30th Infantry, stationed at the Presidio of San Francisco overlooking the Bay and famous Golden Gate. This is a splendid chance for young men to see the World's Fair located at Treasure Island within sight of the Presidio Army Post

The Camp Ord assignment is 125 miles south of San Francisco, close by the internationally famous Del Monte Hotel where swimming wonderful fishing and many other sports continue throughout the year.

Here is a chance to live in beautiful California for three years and draw pay and all expenses during that period.

Lt. Col. Charles L. Clifford, District Recruiting Officer, also states that at last an unlimited quota for Air Corps has been authorized. Assignment will be to the Air Corps Detachment, Provisional Southeast Training Center Barksdale Field, La. These are the first Air Corps vacancies released in several months and all qualified applicants on the waiting list as well as new applicants will be enlisted.

Young white men between the ages of 18 and 35 years who are single without dependents, of good moral character and physically fit are eligible for enlistment. Applicants accepted for the Air Corps must also have a high school education or its equivalent or hold a journeyman's rating in a mechanical trade.

Prompt application at the nearest Army Recruiting Station will be necessary to insure acceptance for these vacancies. Recruiting Stations are located in Post Office Buildings in Jackson, Meridian, McComb and Vicksburg Miss., Alexandria, Monroe and Shreveport, La., also in the Howard Annex 535 St. Charles Ave., New Orleans, and in the National Guard Armory, Tupelo.

Prepare or Perish.

See where our subscriber and partner, Mike, of the firm Me and Mike, has made a fine speech before the Lions of Jackson. If people had heeded what Mike said last summer, we would be in better shape, even if we hear plenty of "noes" from the Johnson bench.

dere mr top. yu ant sint me thet pitcher uv leanin rock riding a bicickle yit. I want it.

2-Spot Clark has not been in any devilment recently, or, if so, he kept it under cover.

Douglas Williams, now living in Louisiana, responded nobly to our recent appeal for funds from those about to become delinquent.

It did not look like depression here in Grenada Saturday. You could hardly stir folks with an elm stick, or with any other kind, for that matter.

Bob Sharp and Odom and the officers are teaching people, and teaching them not too harshly, to observe the traffic lights. Improvement is noted.

We advertised for 3 men as LOST last week: Babe Cotsilow, Clyde Neelly and Tom Bailey. Babe came in with a seven-foot snake he had killed; Neelly came in with a long tale, longer than the snake. Only Tom Bailey failed to show up which proves, beyond preadventure, that Tom is irretrievably lost.

Keene Huffington cussed so about us using such large type in his ad that we gotsome 5 pt. type from Elliott Lawrence. Hope he is satisfied now

Speaking of Ellett, I thank him for the kind reference he made to me and to the GCW in the recent issue of his fine house organ PAGES.

Lots of trading and trafficking going on in Grenada Saturday. It was the last "draw day". Meat, lard, flour and sugar, the great staples, were much in demand.

JOHNSON-MARTIN

The interest of a wide circle of friends is claimed by announcement by Mr. and Mrs. J. C. Martin, of Edwards, of the marriage of their daughter, Miss Fay Martin, to Erle Johnston Jr., of Jackson, son of Mr. and Mrs. Erle Johnston, of Grenada.

The wedding was solemnized at the home of the officiating minister, the Reverend W. A. Hewitt, D. D., pastor of the First Baptist Church, in the presence of a few friends.

Mrs. Johnston was graduated from Edwards High School and from Hinds Junior College at Raymond. During the year preceding her marriage she was associated with the board of examiners office in the state department of education.

Mr. Johnston is capitol correspondent and oil and gas editor of The Clarion-Ledger.

Mr. and Mrs. Johnston are at home to friends at 322 North Street.

Miss Kathleen Pruitt of Memphis is a guest in the home of her relative, Mrs. R. B. Townes, Sr. this week.

Mr. and Mrs. Ritter of Water Valley were guests of their sister, Mrs. W. E. Johnson, on Sunday last.

GIBBS-ROGERS

Announcement has been made of the marriage of Mr. Frank Gibbs, Sr., and Mrs. Janie Rogers in the home of Mr. Gibbs on Tuesday afternoon, July 2, 1940. Esquire Charles Boushe performing the ceremony. Mr. Gibbs is a substantial planter living two miles East of Grenada and is a life long resident of Grenada County, while the bride is a lady of unusual charm and grace.

Mr. Ben Townes is attending to business affairs in the Carolinas this week. Mrs. Ben Townes spent the week-end through Tuesday in Cleveland.

Nancy Upshaw, guest of Mrs. R. B. Townes Sr. and Bobby Townes are visiting their relatives in Pocahontas this week.

MRS. TOWNES HOSTESS

Entertaining with her usual graciousness, Mrs. Ben Townes was hostess at her home on College Blvd. on Friday afternoon at 3 o'clock.

Three tables were arranged for the games and all present were club members except Mesdames L. E. Noble, D. T. Dubard and John Salmon of Chicago.

At the conclusion of the games dainty sandwiches and coca colas were served.

Mrs. Spivey Kent compiled high score and received a pair of hose.

Miss Mary Nell Rayburn, daughter of Mr. and Mrs. A. N. Rayburn, left Monday for a two weeks visit with her friends, Margaret and Nell Colley, daughters of Dr. and Mrs. J. H. Colley at Moss Point. Before returning home Mary Nell will visit the cities of Mobile and New Orleans.

Dr. and Mrs. A. G. Hudson of Memphis, onetime citizens of Grenada, visited briefly with friends here on Friday last. They were accompanied on this trip by their friend, Mrs. Estelle Griffin.

Frank (Sonny) Hays, who has visited his mother, Mrs. Edith Brown Hays during vacation, is returning to his studies at U. of T. Medical School in Memphis this week.

ALASKAN VISITORS

Mr. and Mrs. J. B. Henderson returned to the States to reside after having lived in Teller Mission, Alaska for twelve years. She and Mr. Henderson, who is at present visiting his mother in Pontotoc, went to Alaska as government commissioners years ago and altho Mrs. Henderson has not worked outside the home, has assisted her husband in his work. We understand the U.S. Government employs the wife of their commissioner as housekeeeper, paying a stated salary. Mrs. Henderson is the daughter of Mrs. W. T. Rose. Mr. Henderson a brother of Rev. E. R. Henderson.

Mr. and Mrs. Milton Williams, of Memphis, are visiting their parents, Mr. and Mrs. Van Williams this week.

Mrs. Helene Beatty and daughter, Miss Augusta Beatty of Fayetteville, Ark., are spending ten days here. They were guests of their relatives, Mrs. Lizzie Duncan at Duncan Crossing several days. At present they are at the home of Miss Adele Hoffa.

The State of Mississippi

To: Mrs. Marcie Bell, 812 Quapaw Avenue, Hot Springs, Arkansas; Mrs. Louise Giles, 1201 Eighteenth Avenue South, Nashville, Tenn.

You are summoned to appear before the Chancery Court of the County of Grenada in said State on the second Monday of August, A. D. 1940, to defend the suit number 5361 in said court of Tom Mayfield, et al, wherein you are a defendant.

This the 27th day of June, A.D., 1940.

J. P. PRESSGROVE, Clerk.

(7-4,11,18 81w)

MRS. MARTIN HOSTESS

Entertaining the Tuesday Bridge Club on Tuesday morning at 9 o'clock, Mrs. John Martin was hostess to three tables of players. The hostess graciously included two out of town guests, Mrs. Norman Ames, of Washington, D. C., and Mrs. J. P. Fisher, of Jonestown. Other non-member guests to enjoy the games were Mesdames W. J. Jennings and W. W. Whitaker.

The home was artistically decorated with bowls of lovely garden flowers for this occasion. Members present were Mesdames E. R. Pleasants, A. M. Carothers, D. G. Ross, F. T. Gerard, H. C. Calhoon, E. L. Wilkins, L. E. Morrow, H. W. Baker, L. J. Doak.

At the conclusion of the games a beautiful lunch plate was served having a delicious salad on lettuce, dainty sandwiches, olives and pickle, a nut bread canape and a comport of refreshing frappe.

George Baker, son of Mr. and Mrs. H. W. Baker is at Mississippi State at present. We predict a splendid future for this fine young man. He will enter Cornell University this fall.

Miss Ruth Anderson, sister of Mrs. Frank Anderson, was a guest of her brother and wife Saturday and Sunday.

MORNING COCA COLA PARTY

Miss Elizabeth Dogan entertained delightfully on Friday morning of last week complimentary to several out of town guests.

The refreshment table, with its centerpiece of lovely flowers, held trays of sandwiches and appetizers. Iced coca colas were served. Approximately thirty guests enjoyed Miss Dogan's hospitality.

Spending this week on the Mississippi Coast at Biloxi are the following young ladies from Grenada; Misses Eleanor Lickfold, Camilla Smith, Sara Parks, and Louise Hailey of Jonestown, Miss.

Misses Robbie and Juliette Doak were hostess to their sisters, Mrs. John King, of Memphis, and Mrs. J. P. Fisher, of Jonestown several days this week. They planned to return to their homes on Thursday. Rob Roy Fisher and Pauline Fisher were with their mother. Whitfield King had been a guest here several days previous to his mother's arrival.

Mrs. Lucian Malone, of Clarksdale, spent Tuesday with her friends, Mr. and Mrs. E. R. Burkley. The Rev. Mr. Malone accompanied his son, Lucian to Jackson Tuesday afternoon, returning for Mrs. Malone here on Wednesday.

Mrs. A. W. George is accompanying her brother and sister, Dr. and Mrs. Moore Moore of Memphis, on the trip to Alexandria, Va., where on Saturday, July 6, Dr. Moore Moore, Jr., is to be married at the historical Episcopal Church. On Sunday, Dr. Moore and wife and Mrs. George plan to attend services at Washington Cathedral Washington, D. C.

Mr. and Mrs. Jimmie Jones, of Washington, D. C., have been the guests of their parents, Mr. and Mrs. Will Lott this past week. They plan to return to their home Thursday (today).

Mr. Hurd Horton, Jr., medical student at U. of T. in Memphis, has returned to his studies after a short vacation with his parents, Mr. and Mrs. S. H. Horton.

TWO YEARS OLD

THOMAS HENRY CARROLL, JR.

This handsome young fellow is the son of Mr. and Mrs. Thomas Henry Carroll, of Grenada. He was born on June 24, 1938, and celebrated his second birthday last Monday.

Mr. and Mrs. T. J. Curry of Greenwood, are spending a few days in the country home of Mrs. Rosa Thomason.

Rev. and Mrs. Pat Easterling, of Excelsior Springs, Mo., arrived in Grenada Monday night for their summer visit with their parents, Mr. and Mrs. George Grant and Mrs. Etta Dudley, mother of the Rev. Mr. Easterling.

Frances Little, of the Children's Home Society in Jackson, is visiting Ann Kent this month.

Mr. and Mrs. Fountain Barksdale and baby daughter, Pansy, are spending two weeks' vacation in the home of Mr. and Mrs. R. B. Thomason.

Mr. and Mrs. B. B. Payne, of Lake Charles, Louisiana, are expected to arrive in Grenada Saturday to spend two weeks with their mother, Mrs. Ida Campbell.

SWIM PARTY FOR VISITOR

Mrs. L. J. Doak entertained complimentary to her nephew, Rob Roy Fisher, son of Mr. and Mrs. J. P. Fisher, of Jonestown, on Friday afternoon of last week. This merry group of youngsters enjoyed a swim in the city pool, then went to the home of the hostess on South Street for delightful refreshments.

Miss Addie Barrow has left for Franklin, Ky., to visit relatives.

Mesdames Claud Perry and Irvin Johnson accompanied Mr. Claud Perry to Memphis, where he will be treated by Dr. Hennessee. Mr. Perry's condition is said to be serious.

Mrs. Jack Watson of Biloxi, who has been here for some time as the guest of her mother, Mrs. W. S. P. Doty has returned to her home. Other children of Mrs. Doty to return to their homes are, Mrs. C. B. Wooten, of Lemare, Calif., Mr. Edward Doty, of San Francisco, Mr. Roland Doty, of Kansas City, Mo., and Mrs. K. L. Cochran, of Opelousas, La.

Mrs. Ralph King and son, of Jackson, were guests of their mother and grandmother, Mrs. Annie Jones several days the first of the week.

Miss Bettye Rule and Miss Jackie Lane are visiting in Louisville this week.

Mrs. Lee Shaw and young son, of Tie Plant, visited in Shreveport with Mr. Lee Shaw last week.

Betty Lane Lord, daughter of Rev. and Mrs. Guy Lord, of Winona, visited Joyce Neelly several days this week.

GRAY-PACE

Miss Lucille Pace, of Iuka, and Mr. Jim Gage Gray, of Grenada, Miss., were quietly married at the Baptist Church Sunday evening, June 22, at 6 o'clock with Rev. Raymond Pate, officiating. Miss Willie Hiett played the wedding march. There were no attendants other than the bride's family and intimate friends present.

The bride was becomingly dressed in navy blue with white accessories. Her flowers were valley lilies and white carnations.

Mrs. Gray is the youngest daughter of the former sheriff and chancery clerk, C. L. Pace and is a most popular and talented young lady.

She was educated in Tishomingo and Iuka schools and Blue Mountain College, where she did outstanding work in her chosen profession of dramatics. She has appeared as an entertainer over various radio stations.

Mr. Gray is the son of J. J. Gray, of Grenada County. He received his high school education at Gore Springs and is now connected with the Tishomingo State Park where the young couple will make their home.

—Contributed

AUXILIARIES

All Saints Episcopal Auxiliary met at the home of Mrs. E. R. Burkley with a splendid attendance.

Mrs. C. S. Liles opened the meeting by conducting the devotional.

Mrs. W. W. Whitaker, president, presided at a very interesting business meeting.

Mrs. T. H. Weir, treasurer, gave her report on the finance of the auxiliary.

In the absence of the secretary, the president read the minutes of the last meeting.

Mrs. Lewis Weir, chairman for the church picnic led a discussion on that subject and announced plans.

Mrs. E. R. Burkley and Mrs. C. C. Cathey, members of C. P. C. group, announced further activities and the knitting of Red Cross sweaters. The meeting closed with benediction said in unison.

Conrad Welker has returned home after a week's visit in the home of his aunt, Mrs. R. L. Nisbet and family, in New Albany.

METHODIST W. M. S.

The Woman's Missionary Society met Monday afternoon at 4 o'clock at the church for the regular business session of the month. The president, Mrs. C. C. Waterman, presided and led the devotional.

Standing reports were given from the various departments. Mrs. Wade Stokes presented a plan for Women's Work for the United Church. The meeting was well attended.

On Monday afternoon at five o'clock Miss Helen Horton entertained approximately twenty guests at a coca cola party, honoring her house guests, Misses Shows and Weir. For this occasion the home was attractively decorated with garden flowers. The guests enjoyed the hospitality of this lovely home until late afternoon.

Mr. and Mrs. John McEachin have had as their guests the past week, Mrs. L. B. McEachin and two daughters, Misses Nell and Mildred Bess, of West Point. Another visitor, a sister of Mr. McEachin, Mrs. Albert Calliett, of Senatobia, visited here on Wednesday last. While her guests were here Mrs. McEachin entertained informally having as guests relatives and neighbors.

Mr. and Mrs. L. A. Dillard entertained the visitors and family one evening at dinner at their lovely country home.

Mr. and Mrs. Leslie Paige and little son visited relatives near Senatobia on Sunday.

Misses Judith Shows of Drew, and Maxine Weir, of Ruleville, are guests of Miss Helen Horton this week.

Miss Emmie Marian Dubard returned Friday from Chicago, where she visited in the home of her uncle, Mr. Beck.

3-4 Million In Building Activity In Grenada

(Continued from Front Page)

$20,000 addition to Grenada Hosiery Mill, financed by the City of Grenada. On Pecan itself, three new homes, the C. H. Wells' home, the Bill Lott home and the Lloyd Lott home, attract one's attention. To the south, one notes that Bake Hamsley has added a neon sign, and has made improvements to his place. One also notes that Bake's home on oPplar has been repainted and reroofed. In that neighborhood also one notes that Grover Long has been doing some painting.

Turning down Govan, one sees that the 12 room addition to Grenada Hospital is nearing completion, and that Fred Spain's new corner store is finished, but not yet open. On that street, we noted two new homes, the Tom Kincaid home and the Robinson home. John Odom has remodeled the Beck ol home. George Ward and Banjo Sykes have been weilding the paint brushes.

Perhaps the most improvement noted in the trip was noted in the stretch from 51 down Fairfield to its intersection with College Street. J. A. Goodman, Chas. Farrill, Eli Whitaker, Rob Brown, C. A. Pharr and Lewis Weir each has a fine new home; Sam Mitchell, John Ed Murray and Earl Burkley have painted up recently. L. J. Paige is building his new home now.

South on Adams, we first noted the new Christain Church, and five, yes f-i-v-e new homes built by City Lumber Company, and another new house owned by John McEachin.

Riding north on Line extended, the new roof on the nurses' home and the new home of Red Briscoe off on Mound were first noted. A flock of new homes are new. In that rapidly developing section of Line Street, H. M. Day, City Lumber Company, Fred Simmons and Sam Simmons, Jr., and the N. L. Douglas homes aren new. In that rapidly developing section, there are three brick veneer homes now being erected: H. H. Sanders, Joe Thompson and James Cooper. John Keeton's duplex has been built recently. John McEachin had added a new sleeping pirch.

Off on Jefferson East of Mound, Curtis Collins has built a new brick veneer home. J. M. Webb has built a new home in part of the McLean lot. The McLean home itself has been repainted, while Leon Hirsch across the street has painted up.

On Snider every home is neatly painted, but it seems that the following have recently received new paint: Bob Vandiver, Charlie Kosman, Sam Mims and Frank Evans (who recently bought the John Pressgrove home). Charlie Ransom's home too has been painted. To the South we noted the H. M. Day new duplex on Franklin. On that street also, one notes that Mrs. Thelma Harris has repainted her pretty home.

The power trust which now owns the old municipal water and light plant. The building has been stuccoed over the old brick on the front, while the east wall has been restored with substantial brick. A general impression of "clean-up" and "paint-up" is noted there.

The southeast part of the college property has received much improvement. Alec Patterson moved the White House to face College Boulevard. Vernon Williams has built a brick home, while on the corner of Main and College Boulevard, Miss Addie Barrow is now building a brick duplex. John Pressgrove will build on lot facing Main soon. Wick Ransom and J. T. Thomas, it was noted, have painted up recently.

On College Street, Mrs. Ellis Terrell and Newt Rayburn have painted their homes, while Dave Childers has built a new home. On Poplar, we noted that Mary Rose, Will Williams, Mrs. Blanch Clark and Mr. Rundle had painted their houses.

South Green Street, paved during the new program, has already seen two new homes built, the home of George Murray and a rental house belonging to Mrs. C. H. Calhoon.

On Main, we noted that Jesse Hardy had painted his home, and that the McLeod home was being repainted and was undergoing extensive repairs. At 4th and Mound, we saw where Tom Gum had added to, and painted his home, an also noted the new home of Will Harris Crowder on Mound itself. Along Mound, George Criss and John Bull, as well as Mrs. Harry Brown have been painting.

On Third Street, Mack McCord has built a new brick veneer home, Woppy Walker has built his new home on Levee, and nearby J. M. Bryant has painted his home. Near the swimming pool Mr. H. M. Parham has so completely overhauled his home that it looks like new.

Coming up First from the I. C. station, we noted that the Marascalco Shoe Store had built new quarters in the past year, and that the Southern Hotel is now being taken over by Mrs. Arthur Clark. Mr. Timmons is vacating that hotel.

Things have not remained static by any means about the public square. The Ben Brown building is being remodeled for occupancy by Kroger, while the McLean building now occupied by Kroger will be used by Mr. W. L. Martin as a barber shop and Mrs. R. L. Bingham as a beauty shop. The Grenada Coca Cola Bottling Company has installed a modern plant in the old Ford Motor Company building, corner Main and Pearl. The Pix Theatre on the North side of the square has been opened. Jordan's Volunteer Store, now about a year old, is new. The Mayor's Office, now almost dignified enough to be called the City Hall, has undergone such substantial improvement, particularly on the interior, that one would not know it. The Doak office building alongside the court house yard will soon see Curtis Collin's barber shop where Mr. Doty's office was. The county court house itself is being remodeled and restored by the WPA, and is having a large vault for the court records built at the northwest corner of the present structure. Keeton's was metamorphosed into Keeton's Federated Store and the building completely renovated within the past year. O. L. Kimbrough's store also received overhauling within that period. The office of Miss Ruby McLeod, Insurance, has been built. Ed Brunson (or rather Mrs. Ed' has taken over the Tims boaring house since Jan. first. The Trust Bank received a new dose of interior decorating and painting. Fred Griffin, the Buick and Pontias agent, has occupied the Waterman Building, corner Green and Second. The Yeager home has been repainted. Walter Garner has built a new home on part of the Knox lot on Union

The congregation of the First Baptist Church are about to begin the erection of their new $50,000 church on McLean Point, Line and Main Sts.

The above is just the result of a few notes hurriedly taken on a trip made by the writer and Willard Odom, and may be imperfect and incomplete

MT. NEBO NEWS

Our blank space last week was on account a severe head cold and sore throat.

So much coming and going here its no use trying to keep up fully.

Sidney Clarke, youngest son of Mr. and Mrs. Harvey Clarke, left this morning for enlistment in the C C C.

That leather lunged courting professor Delmark Hill married Miss Ellen McKnight at Blue Mountain Sunday, and brought his bride in Monday to show her off, and she puts up a good show.

We are wetting up own pen too soon to write as nice a piece we know how about our good friends, Carey Cook and his good wife, Miss Stella and their pretty daughter, Alice, who is training for a nurse at the Grenada Hospital.

Away back in summer of 1939 there was a hot governor's race on in Mississippi and a certain editor of a county paper, had an old friend, out Nebo way, who was very fond of said editor, bragged on him and laughed long and loud at his jokes the old friend was not a prophet, nor the son of one, but had dabbled in psycholozy, that being his holy and saw that the forgotten men and owmen of Mississippi had turned to a certain man for their deliverance and so, on day before last primary, this old friend wrote the editor a kind letter not threatening nor even advisory, but as a warning and reminder, that he still had until next day 6 p. m. to crawl on band wagon, but alack and alas, it being his funeral he deliberately crawled in salt river boat, with his crowd and started up stream without even a paddle which old river is still yearning for more.

Mesdames John Provine and Chas. Byars visited Grenada Hospital Saturday, where Prof. Byars is a patient.

Mr. and Mrs. Gorman Merritt, of Big Creek, with their charming little daughter, visited Gorman's parents, Mr. and Mrs. Wid Merritt Saturday.

DONELSON-WOLFE

Mr. and Mrs. A. Wolfe of Cascilla announce the marriage of their daughter, Erdetta, to Mr. Ernie L. Donelson, of Hopedale, Ill., on July 1, the Rev. T. B. Thrower officiating.

Official witnesses were Mr. Fred Donelson, brother of the groom, and Mrs. Sue Wolfe Dolby, sister of the bride.

After the ceremony they left for Hopedale where they will reside.

The World Wags Wearily, Woefully On

Flash—

It was officially reported today that the Germans have taken Castoria. The British War Office announced that they doubt the ability of the Germans to hold it. The latest dispatch states that the strain on the rear is tremendous. The British have caught them on the run several times while they were trying to evacuate along the line. Several f ank movements have been undertaken, while the action at times is said to resemble a gas attack. The Germans tried to repress the report, but it leaked out, and the Allies got wind of it. The Germans now realize the value of a piece of paper.

Latest Flash—

10000 Heinies were wiped out and it appears to have been the biggest movement of the Western front up to this time.

dear peat, yore mr mckell dont seam to no like yu did h w 2 trete aldermin, heze still sinting bils 2 us.

My Column

Whyte Whitaker Jr.

Sunday last we traveled 11.2 miles west, to a little village christened Holcomb in honor of its founder, the late D. L. Holcomb. While there we saw many of our old friends, and visited with a family whom we consider our dear friends, the McRees. Indeed, the day spent in Holcomb was a most delightful one and if we've ever witnessed a more pleasant one we are at a loss to recall it.

•••

The city is going to light up the dark alleys and sub-streets in Grenada, where neckers, spit swoppers, lovers, etc., have been congregating. The lights will be put in the dark spots with the hope of running the love struck ones into the country. If these lights fail to serve their intended purpose, they will if nothing more, throw a considerable amount of "light on the subject."

•••

WE FAVOR SLACKS FOR GIRLS —DISCARD OF SHORT RUMP SHOWING ONES

The following is a resolution unanimously adapted by this Column. For reasons five fold, viz:

First, feeling that it might be of value in promoting aid to the cotton growers of the South who at the present have a carryover of 12,000,000 bales staring them in the face, we urge the girls to wear long slacks in order to help reduce the staggering amount of cotton on hand, and by doing so they will also help promote business; and

Second, Whereas, after a girl reaches a certain age 12 years—it is immodest for her to appear in public with her legs nude almost up to the breaking point; and

Third, Whereas, by wearing such apparel on the streets causes the observer to have less respect for her lady-hood; and

Fourth, whereas the slouchy, suggestive, improper, unorthodox type of dressing lowers their self respect; and

Fifth, whereas there is a mixed population in the South, white and black. The latter should not be shown sparkling white legs, and we believe that if the girls after reaching ladyhood, would stop and think, they would not show them under such circumstances.

Now, Therefore, be it resolved by this Column:

Section 1. That girls with one inch of modesty will stay in, or, around home while wearing short pants.

Section 2. That if the fair sex insists upon wearing these shorts that show-off the beauty of their legs, and at the same time, "they don't give a damn", attitude of their minds. This Column further resolves that:

It neither gives a damn how unlady-looking they appear, and if they are so inclined they can come marching up town in the same condition they came in the world—we have a religious sex that goes nude, after all.

•••

Helen Horton has had quite a few attractive visitors in her home lately. Little Pritch should hurry-up and come home, he doesn't know what he is missing.

•••

The "Battle of the Bums" did not turn out the way the money said it would—the odds were 6 to 5 with Two Ton Tony. We've always had a suppressed admiration for Max Baer, and was glad he mauled the devil out of the "Beer Barrel."

•••

If there is a man living that can subdue Joe Louis it is Max Baer. He can do it, providing he connects with a few of his hay-making rights in the first of the fight. The Brown Bomber can't take reverses. His mind isn't made that way.

•••

Jack Dempsey, the greatest boxer of all times, let the long dormant dynamite of his fists explode on wrestler-Cowboy Luttrell, who once soaked Jack while he was refereeing a wrestling bout. This fight does not necessarily prove that Jack is still a great fighter, however, it should teach wrestlers not to take a sock at Jack when he is the third man in the ring.

•••

We need more and more guns—less and less talk about them.

•••

We know a good one on Rogers Pleasants, but will have to wait until next week to break the news.

•••

Virgil Barnes never smiles again. Wonder if that fellow from State College could have anything to do with it?

•••

What this country needs is more planes—less fellows like Henry Ford who want to dictate to the government what to do with them.

•••

We have not decided how we are going to vote in the Bilbo-White race. Come to think about it, we might not even vote.

The above is a picture of the old power building taken before extensive repairs and remodeling were made by the power company.

NO RAISE, PLEASE

Word drifts in from a nearby colored church that recently the congregation of the church decided that the pastor was doing such a good job that they would raise his salary $200 a year. After being advised of the raise in salary the negro parson mounted the rostum and said, "Brethren sisteren, I sho do preciate the magnitude of yore hearts but I hag such a hard time collectin my present salary that Ise decided not to accept the raise."

Collins News-Commercial

CASCILLA NEWS

Mrs. Mag Harris, of Tippo, is visiting her sister, Mrs. E. T. Brown.

We are glad to know that Mrs. Reed is convalescing after several days of confinement with a broken ankle.

Wedding bells will soon be ringing in Cascilla and one of Cascilla's fair maiden, Miss Margarite Mullen has wed to Mr. James, of Sumner and they will make their home in Canton where Mr. James is employed.

Mr. Middleton, of Memphis, and Mrs. Middleton, of Grenada visited Mr. and Mrs. Reed.

Mr. and Mrs. Fancher, of Canton, were the guests of Mrs. Fancher's parents, Mr. and Mrs. J. H. Mullen.

Mrs. A. B. Pressgrove, of Charleston, is the guest of Mr. and Mrs. Louis Pressgrove for the week.

Mr. McCoy, of New Orleans, is assisting our pastor J. B. Ray in conducting a revival meeting which began today, June 30, and will be here this week.

HILL BLOOMS COMING IN

Henry Neal, colored tenant on the Henrietta Brooks place on Route One brought in the second bloom seen at the GCW office this year. Henry is an old Beat Fiver, living many years on the Jim Elliott place south of Holcomb.

Lum Butler, farmer, planter and sawmiller of Holcomb reported the second bloom from the hill section Saturday. It came from a stalk on the Turner old place in the "flat" northwest of Holcomb.

ENTERS CONTEST FOR TRIP TO WORLDS FAIR

Grenada Implement Company has entered a contest with other Frigidaire dealers for a fine trip to Dayton, Ohio, thence on to New York to take in the great fair.

Present indications are that Grenada Implement Company, which has an aggressive sales organization, will offer very active competition to the other dealers in its territorial group, as this company already ranks close to the top in sales.

TOM NEELY MOVES BUSINESS

T. E. Neely, who has operated the Oak Grove Cafe for the past few months, bought the popular Batesville night spot known as The Tavern on last Saturday. Mr. Neely is well known in and around Grenada, having been identified with the automobile business for many years and more recently with the restaurant business. To date there has been no indication of continuance of business at Oak Grove, which is situated on U. S. Highway 51 three miles south of Grenada.

EQUALIZATION NEXT MONTH

The county board of supervisors will take up the arduous task of equalizing the assessment rolls at its meeting in August.

dere mr top, i wint 2 jaxon sady but didn git 2 git no satty faeshun erbout my 3088 penshun, thare wuz erbout tin duzzen uther fellers wating fer mr jonsing.

Several here stated they would vote for Bad-Eye before they would vote for A. L. Ford.

You do not get into nearly as much trouble chasing wimmen as you do when you catch them.

Mary Cain must be mad at us, or she seems to have cut us off her mailing list, just because we will not brag on Tom Bailey.

Hitler has not paid for his ads yet.

LOST: Offopolis.

Miss Clara Mae Bright of Como is visiting Mrs. Mary E. Christopher in Grenada.

First Baptist Church Organized 102 Years Ago Sunday

A group of 12 Baptists met on June 30th 1838 in Grenada, Miss., and organized a church, which has continued from that time until today.

The leaders in this organization were Rev. Wm. Minter and James G. Hall. The last named was the grandfather of Mrs. T. H. Moore and the great grandfather of Henry J. Ray, this family has taken an active part in the First Baptist Church for 102 years.

Several houses were used for worship, until a building was erected at the head of Line Street.

This church was used many years, but plans for a new building on corner of Main and Second Streets were adopted Jan. 2nd, 1888 and a building committee of following members was selected to build the new church: S. S. Fairfield, Dr. J. B. Gage, John Powell, W. T. Burns, J. A. Carl and the pastor, Rev. E. B. Miller.

Cornerstone of this building was laid June 30th, 1888, just 50 years from time the church was organized, and the building completed by John A. Carl the contractor October 7, 1889.

The cornerstone was laid by the Masons, Odd Fellow and Knights of Pythias, after which, they with the members of the church marched to the Old Church, singing on their way "Rock of Ages."

The pastor preached from first verse of the 127 Psalms, "Except the Lord build the house, they labor in vain that built it" and the theme song was "Hallelah for the Cross" with Mrs. T. H. Moore the organist.

The building burned Saturday, Dec. 9th, 1939, and on June 30th 1940 ground was broken for a modern and finer church to be erected for the "Glory of God" in Grenada.

TAKING FOURTH

The GCW force, like all other Americans, is "taking the 4th". This isune was printed Wednesday, a day earlier than usual. As a consequence of this early printing, much matter was not received in time to be published this week.

It looks natural for old Turner Bailey to be fooling around in the water Department.

Jimmie Arrington is still full of crap.
